KOSTER NURSERY

Fall 1946

Bridgeton, N. J.
September 3, 1946

Dear Customer:

The "Post-War" period has arrived and our expanded propagation program is under way. Our first lining out stock is available in limited quantities as offered on page two.

By Fall 1947 we plan to have a complete line of lining out stock of seedlings, cuttings and grafted plants for which we have been well known for the past quarter century.

We have decided to discontinue dip treatment of B&B items for shipment outside the Japanese Beetle Area.

Yours sincerely,

KOSTER NURSERY
